

## **Issues before us**

- **Role of students**
- **Role of Teachers**
- **Syllabus**
- **Project / Practical / Activity Work**

## Role of students

- ✓ **Camera** – not switching on [*observation* – a set of students are not switching on their cameras even after repeatedly instructing them; usual answers from the students – low bandwidth]
- ✓ **Dress** – we are not insisting on school uniform but the children should put on a proper attire
- ✓ **Assignments** – non-submission [*observation* – few students have not yet registered with Google Classroom; many students are not submitting their work and even if they are submitting it's without their names]
- ✓ **Attendance** – few are joining late and leaving the class midway; few are selective in attending their classes

## **Role of Teachers**

✓ **Camera** – need to monitor the students who are not switching on their cameras;

low bandwidth is an issue and has to be accepted;

there are students those who enter the class, keep their devices on and after that they get engaged with other important works (non-academic);

Co-teachers will have to monitor these students; must communicate with the subject teacher through chat box;

Subject teachers may take a break for few minutes, half way through the class, to deal with the issues

- ✓ **Assignments** – list of students not submitting their assignments are to be published in the class group by individual subject teachers; parents are to be communicated in case of submission of assignments not in the name of the students [office will help you in identifying the child]
- ✓ **Attendance** – share few minutes with the children before you start of the class; greet the children; ask them about their health and their family members; encourage them to remain safe and secured; with regard to attendance be strict but do not be rigid; be polite with the children; permit the children to join the class

- ✓ **As mentioned earlier Co-teachers will have to play an active role in the class.**
- ✓ **While posting study materials, worksheets and assignments in the Google Classroom please make it sure that you are posting them in the correct domain;**  
**indexing of study materials, worksheets and assignments is very important**
- ✓ **As part of Continuous Evaluation tests are to be conducted at the end of one or a couple of chapters and a record has to be kept of the same. HODs are to be briefed about the progress of syllabus and the number of tests conducted at the end of every month by the subject teachers.**

# **Syllabus**

**Has to be comprehensive**

- ❖ **Classes 1 & 2 and 4 & 5 – as per Term Books**
- ❖ **Class 3 – to be divided into 3 terms**
- ❖ **Classes 6, 7 & 8 – to be divided into 2 terms**

**For Annual Examination**

**Class 6 – 10% of Half Yearly syllabus to be added**

**Class 7 – 20% of Half Yearly syllabus to be added**

**Class 8 – 30% of Half Yearly syllabus to be added**

**Classes 9 to 12 – to be divided into 2 terms**

**Annual / Preparatory examination will cover the entire syllabus**

**TARGET DATE of SUBMISSION : 15.05.21**

## **Project / Practical Work**

✧ **Classes 9 to 12 –**

**as per the guidelines of CBSE;**

**integration of subjects has to be taken up wherever possible**

✧ **Classes 1 to 8 –**

**Intra and Inter Department coordination is very important;**

**integration of subjects has to be coordinated properly;**

**children should not be burdened;**

**proper planning has to be done and a schedule has to be prepared;**

**subject teachers associated with an integrated project will assess the**

**children separately and keep a record of the same**

**TARGET DATE of SUBMISSION : 22.05.21**

## **Activity**

### **Classes 1 to 5 –**

**Mrs. B. Datta will prepare a schedule in consultation with the Class Teachers, Subject Teachers and Co-curricular Teachers**

### **Class KG –**

**Mrs. S. Bihani will conduct different activities in consultation with the concerned teachers**

**#Wear Masks, Follow Social Distancing , Maintain Hand Hygiene#**
