

Obituary

It is with a deep sense of pain and sorrow that I inform you about the sad and untimely demise of our dear computer teacher, Mr Vijendra Kumar Prasad. He passed away in Patna on Friday, 4th June, on account of complications arising from Covid-19. He was under treatment for the last few weeks, but all efforts to save him did not succeed. He leaves behind his wife and a nine month old daughter, besides his parents and brother.

Vijendra was born and brought up in Darjeeling, where his father works as a teacher in a government school. After completing his schooling, he joined Dr. B.C Roy College of Engineering, Durgapur and completed his B.Tech. degree in Computer Science. Later he worked in a company in Delhi.

He joined Modi Public School, Siliguri at the beginning of the academic year, 2020-21. He taught Artificial Intelligence to classes 9 and 11 and proved his ability as a good, sincere teacher, earning the respect of colleagues and student, as well. He was a simple, friendly and helpful person, with a pleasant personality, and a charming smile. We will certainly miss him in the school.

On behalf of the management, staff and students, I offer my heartfelt condolences to all the family member of Vijendra sir, especially his wife, parents and brother. Our prayers and support are with his family, in this hour of deep loss. May his soul rest in peace.

I humbly request all of you to remember his family in your prayers.

Principal, MPS Siliguri.
